University of Illinois

at Urbana-Champaign

Introduction to the Timetable

The *Timetable* is the listing of course offerings for the term, and includes instructions on when, where, and how to register and drop and add classes; tuition and fees and billing information; academic calendar information; how to get a replacement ID card; etc. Therefore, please keep it for future reference. Updated information on course offerings is also available by checking *Timetable* course section information on the World Wide Web (**www.uiuc.edu/timetable**) and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change without notice statements in the *Timetable* concerning rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

IMPOSE ENROLLMENT requirements and prerequisites,

REASSIGN STUDENTS to other sections in a course,

WITHDRAW STUDENTS from certain courses or sections after enrollment,

CANCEL COURSE offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science, or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. As of the date of printing of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

How to Use the World Wide Web *Timetable*

The *Timetable* is also on the campus network (UIUCnet), via a service called the "World-Wide Web" (WWW).

The WWW version allows convenient browsing of the *Timetable* with the following advantages:

THE MOST up-to-date course information including a real-time enrollment status for each section.

CROSS-REFERENCED INFORMATION: Every course is linked to more complete course descriptions found in the online Course catalog.

HELPFUL INFORMATION: Supplemental information is available, e.g., links to a campus map showing class locations.

YOU CAN SEARCH it via an easy-to-use index.

The WWW *Timetable* can be viewed on the network by using a browser program on a PC, Mac, or Unix system. Some common browsers are NCSA Mosaic, Netscape, or Internet Explorer. If you are familiar with using a WWW browser (i.e., if this computer jargon hasn't bewildered you), you may view the *Timetable* using the following URL (the "address" of the *Timetable* on the WWW):

www.uiuc.edu/timetable

A document explaining in greater detail how to view the WWW *Timetable* may be obtained at most CCSO locations, including computer sites across campus and the CCSO Resource Center (1420 DCL, 244-1258). Ask for "Using the WWW *Timetable* on the Campus Network." Consultants in the Resource Center can also help you learn about WWW browsers.

The WWW browsers are available on all CCSO site computers, so you may view the WWW *Timetable* at any CCSO site.

Summer Session Admissions Information

Application Information

Admission applications and additional information concerning admission requirements may be obtained by visiting, writing or telephoning the Office of Admissions and Records, University of Illinois at Urbana-Champaign, 901 W. Illinois Street, Urbana, Illinois 61801. Telephone (217) 333-0302. Each application must be accompanied by a nonrefundable application fee of $40 ($50 for international applicants).

Two catalogs describing study at the University of Illinois at Urbana-Champaign are available. The *Programs of Study* catalog gives detailed information relating to admission, costs, programs, and requirements for undergraduate and graduate students. The *Courses Catalog* gives information about courses, both undergraduate and graduate, that are currently available as offerings. Information is subject to revision, and contact with individual departments is advised.

Reference copies of the catalog are available at Illinois high school and community college counseling offices and at local libraries or by accessing **www.uiuc.edu/admin_manual/pos/current/index.html**. Individual copies of the catalog may be purchased from the Illini Union Bookstore, 809 South Wright Street, Champaign, Illinois 61820 or by sending a check or money order in the amount of $5.75 payable to Illini Union Bookstore. The catalog costs $3.50 if purchased on campus at the Illini Union Bookstore. All prices are subject to change.

Social Security Number

You are requested to voluntarily give your social security number which will be used to process your admissions and financial aid applications. If you choose not to disclose your social security number, an identification number will be assigned. Please understand that assignment of an alternative identification number may result in delays in processing transactions because of the need to verify social security numbers for certain required reports.

Undergraduate Admissions—Terms 1 and 2

Admission as a Continuing Undergraduate Student

If you are an undergraduate student enrolled at the University of Illinois at Urbana-Champaign, and are eligible to continue in the same college, you need not apply for admission to either Term 1 or Term 2.

If you are an undergraduate student enrolled at the University of Illinois at Urbana-Champaign, were dropped for academic reasons at the end of the 2002 spring semester, and desire to continue in the 2002 summer session only as a nondegree student, you need to submit a petition for enrollment to the head of the summer session. If you wish to be reinstated in a degree program for the 2002 fall semester, you must petition the college of desired enrollment. No application will be necessary.

If you are an undergraduate student dropped for academic reasons at the end of the 2002 spring semester and seek reinstatement to the same or a different college for the 2002 summer session, you must file a petition for reinstatement with the dean of the college in which you desire to enroll; if reinstated, successful completion of the summer session will allow you to continue in the 2002 fall semester.

Admission as a New Nondegree Student

Your application for admission as a nondegree student for either Term 1 or Term 2 should be submitted to the Office of Admissions and Records as soon as possible after February 1.

You may apply for admission to either Term 1 or Term 2 by submitting an *Undergraduate Nondegree Application for Admission* under one of the two following options:

Summer Session Only. Admission as a nondegree student for "summer session only" does not permit enrollment for fall or spring semesters without submission of a new application for admission. You may enroll for future summer terms as a nondegree student by using the U of I Direct registration system through your final authorized term assigned at the time of your initial admission.

Summer to Continue Fall. If you submit the required credentials, you may be approved for admission as a nondegree student in one of the undergraduate colleges. Successful completion of the summer session will permit your continued enrollment as a nondegree student in that college for the fall semester, subject to regular nondegree enrollment restrictions. Enrollment for nondegree students in the continuous enrollment pattern is limited. University employees and residents of the community who wish to enroll in courses that are offered only at the University are given continuous nondegree admission priority. ***For this option it is important that you apply by April 30.***

To be considered for degree-status enrollment, nondegree-status students must apply for admission.

An applicant who desires to take any 300-level course for graduate credit or any 400-level course must apply for graduate nondegree status, regardless of the level of other courses in which the applicant desires to enroll. A graduate applicant should complete the Application for Admission to the Graduate College and Application for Graduate Appointment form. See the Graduate Admissions section of this *Timetable*.

The same grading system is applicable to nondegree and degree status students. Credit earned on nondegree status will not be applicable to a degree at the University of Illinois at Urbana-Champaign except by subsequent admission to degree

status and, at the graduate and professional levels, successful petition for application of such credit to the degree.

Admission as a Degree Candidate

If you are a beginning freshman, or transfer applicant who wishes to be admitted to Term 1 or Term 2 and continue as a degree candidate in the 2002 fall semester, you must meet the same admission requirements as a student applying as a degree candidate for fall semester 2002. You should be aware that for most fall terms admission spaces have been filled by January 1, for freshmen and March 15 for transfers. Application materials and information on programs open for fall admission can be obtained from the Office of Admissions and Records, either in person, or by writing to the Office of Admissions and Records, 901 W. Illinois Street, Urbana, IL 61801, or by calling (217) 333-0302. Be sure to indicate on the application form that you are applying for admission in summer to continue in the fall.

Detailed admission requirements and application procedures for all undergraduates are contained in the application packet.

If you apply and are approved for admission for summer-to-continue-in-the-fall, you will receive a Notice of Admission that is valid for the summer and fall sessions. Should you subsequently decide not to enter in June, but still desire to register in the fall, the same Notice of Admission is valid. If approved for fall semester 2002 admission, you may register for the summer session by advising the Office of Admissions and Records of your intention no later than May 10, 2002; your Notice of Admission will be changed from fall to summer-to-continue-in-the-fall.

Re-Entry as a Degree Candidate

Former students should contact the college in which they wish to enroll to obtain their Registration Time and an extension of the final authorized term if necessary. Students on "academic drop" status when they left the Urbana-Champaign campus must petition for re-entry to the University in either their former college or another college on the Urbana-Champaign campus.

Graduate Admission to Term 2

Application Information

Applicants may apply electronically at **www.oar.uiuc.edu/prospective/grad/applygr.html**. Applications may also be obtained from your intended department. For information, and to obtain the address and telephone number of your proposed program, visit, write or telephone the Office of Admissions and Records, Graduate Admissions, 901 W. Illinois Street, Urbana, Illinois 61801, (217) 333-3048. Program information may also be obtained on the Web at **www.oar.uiuc.edu/prospective/grad/depts.asp**.

If you have not been previously registered in the Graduate College, you must file an application for admission with the Office of Admissions and Records. The application must be accompanied by a nonrefundable application fee of $40 ($50 for international applicants). Official transcripts of all previous college study must be provided except for studies taken at the Urbana-Champaign campus.

Applications for admission as a degree candidate or nondegree status within a department must be received by the Office of Admissions and Records no later than May 20, 2002.

Admission as a Graduate Nondegree Student

You may be admitted as a nondegree graduate student for Term 2 under one of the following plans:

If you submit the required credentials by May 20, 2002, you may be approved for admission as a nondegree student in one of the graduate departments. Such admission, accompanied by successful completion of the summer session, will permit your continued enrollment as a nondegree student in that department for either the 2002 fall semester under the continuous-enrollment pattern, or the 2003 summer session under the summer-session-only pattern if the conditions for the pattern are met.

You may be admitted to the Graduate College (no specific department) as a nondegree student for the 2002 "summer session only" by submitting an application and certifying that a bachelor's degree has been earned. Applications for admission as a nondegree student in the Graduate College for the 2002 summer term will be accepted through June 10, 2002. Admission as a summer session nondegree student will not allow enrollment in either the 2002 fall or the 2003 spring semesters, but registration in the 2003 summer session will be allowed without reapplication.

All nondegree students are required to apply for admission should they wish to become degree candidates.

Admission as a Graduate Degree Candidate

Deadline for receipt of application: ***Monday, May 20, 2002***

Admission of Former Graduate Students

Continuing degree graduate students who did not register in the 2002 spring semester and are returning to their former program prior to the expiration of the final authorized term of enrollment, need only contact their former department for an earliest enrollment time.

Intercampus Enrollment program

The Intercampus Enrollment program is intended to allow undergraduate students at one campus of the University the opportunity to take advantage of opportunities unique to another campus of the University without having to transfer. It is not designed to replace concurrent enrollment or transfer. The program also provides for summer enrollment at another University campus should financial aid be required. For complete information see the Web site at **www.uoapa.uillinois.edu/intercamp/intercampus.html**.

Each student is responsible for keeping the following addresses current on
U OF I DIRECT:

(The *Code* is available on the Web at **www.uiuc.edu/admin_manual/code**.)

The University has designated certain categories of information as directory information. Students' consent to release this information is implied. A currently enrolled student may instruct the University to withhold one or both categories of directory information by submitting a request form to the Office of Admissions and Records prior to the end of the fifth day of instruction for a term. Regardless of a student's enrollment status, a request to withhold directory information remains in force until the student submits a subsequent request removing the restriction. Forms may be obtained and filed at the Records Service Center, 901 W. Illinois Street.

Identification Cards

Each student is issued a permanent photo identification card which must be retained by the student while registered at the University. The ID card remains the property of the University, and any student who alters or intentionally mutilates a University ID card (including, but not limited to, punching holes in the card, applying stickers, etc.), who uses the ID of another, or who allows his or her ID card to be used by another may be subject to discipline. A charge of $20 (amount subject to change) is assessed for replacing each lost, mutilated, confiscated, or stolen photo ID card.

You are required to present your ID card for identification purposes at the request of an agent of the University when the agent is acting in the performance of his or her supervisory or security function (e.g., examination proctor, police officer, residence hall director or adviser, gymnasium supervisor, ticket taker, or usher). All students subject to the provisions of this law have received a copy of the McKinley Health Center Student Health Report Form with their Notice of Admission. Students who fail to return the form by the date shown are encumbered for the next term. Students who fail to comply with state law before the start of the next term are prohibited *by law* from enrolling in that or any subsequent term.

Health and Safety

Important information about alcohol and other drugs and campus safety is available at **www.uiuc.edu/safety/report/**.

In compliance with federal law, this information describes campus policies and resources to help you manage your health and safety.

How to Register Using U OF I DIRECT

When you use your Network ID and password to access U OF I DIRECT from personal computers at multiple locations on campus (or via dial-up with modem), you will be welcomed to U OF I DIRECT registration, followed by a request to verify your local address and the Main Menu of Options. You then select an option by pressing the appropriate key(s) on the keyboard.

A registration checklist and Schedule Planning Form, included in the *Timetable*, will help you develop your schedule before you log onto U OF I DIRECT.

You will be assigned a Registration Time based on the number of hours/units completed or in progress, according to campus policy.

Through U OF I DIRECT you can:

- REGISTER and add/drop classes
- UPDATE your address and telephone information
- PROVIDE information on appointment/graduation status
- OBTAIN a copy of your early registration schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the U OF I DIRECT system to register in one of these classes.

The U OF I DIRECT system will control for Registration Time; class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to U OF I DIRECT to register or to drop or add classes will be blocked approximately three weeks prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can avoid having your course registration cancelled by resolving encumbrances.

Assistance using U OF I DIRECT will be available at the Records Service Center, 901 W. Illinois Street, from 8:30 AM until 5:00 PM, Monday through Friday. If you need information or assistance using U OF I DIRECT, contact registration@oar.uiuc.edu or call 333-6565.

Student Responsibility

YOU ARE RESPONSIBLE for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.

U OF I DIRECT is the University system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.

UNAUTHORIZED USE of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law. Access to U OF I DIRECT will be terminated if you are found to be making excessive unsuccessful registration attempts.

AS AN ENROLLED STUDENT, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the regulations of your college at the college office.

You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at the Records Service Center, 901 W. Illinois Street. The *Code* is also available on the Web **www.uiuc.edu/admin_manual/code**).

NOTICE

The Family Educational Rights and Privacy Act affords students certain rights with regard to their educational records. See **www.oar.uiuc.edu/current/ferpa.html** (Notice of Rights with Respect to Educational Records) for the complete text of the Notification of Rights and page 10 of this document for additional information concerning educational records.

Registration Procedures

Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time, according to priorities established by campus policy. The Registration Time is the first time a student can access U OF I DIRECT registration for the term. You will be informed of your Registration Time in your Invitation to Register, available on-line at www.oar.uiuc.edu, approximately two weeks before the start of the Registration Period. You will need your Netid and password to access this site. (Contact registration@oar.uiuc.edu if you can not access your secure website.) Within each priority grouping, Registration Times are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student ID number.

Eligibility to Register

In general, students currently enrolled in degree programs can register early. You may not register early if you are a student newly admitted to a UIUC degree program. Information about your initial registration procedures will be included in your Notice of Admission.

Academic Advising and Advising Holds

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using U OF I DIRECT to register.

An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using U OF I DIRECT. For additional information on the advising hold, please contact your college office.

Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons, and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, on your Official Class Schedule and each time you access U OF I DIRECT. An encumbrance will not prohibit you from participating in Registration. You can continue to use the system to make course changes until your Official Class Schedule is made available to you on-line approximately three weeks prior to the beginning of the term.

After the Official Class Schedule is available on-line, however, all encumbered students will be blocked from access to the U OF I DIRECT registration sequence. Students will be alerted to the presence of any encumbrance(s) on the Official Class Schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honor students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

"Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you online to enroll in the course. You, in turn, must register for the course using U OF I DIRECT.

Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms	
Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours
Summer Term 1	
Undergraduates	4 hours
Graduate, Vet Med, Medicine	1½ units (6 hours)
Law	6 hours
Summer Term 2	
Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U OF I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your financial aid status, progress towards a degree, or visa status if you are an international student. Full-time enrollment for undergraduate students is 3 or more hours, for graduate students, ½ or more units in Term 1. Full-time enrollment for undergraduate students is 6 or more hours, for graduate students, 1½ or more units in Term 2.

Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or F.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC. Grades of C- or better are required to earn credit.

The credit-no credit option is not available on U OF I DIRECT. Should you wish to elect this option, please consult your college office or graduate department.

Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at UIUC and who wishes to be considered for admission to another undergraduate college at UIUC. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to students in the Graduate College, a professional college, or the College of Nursing.

The campus has designated two periods each term for intercollege transfer. They are:

TWO WEEKS PRIOR to the beginning of the Registration Period for each term. Curriculum changes will not be allowed after registration begins.

ONE WEEK PRIOR to the start of instruction for the term and through the first week of instruction.

If you intend to apply for intercollege transfer, you should do so within these designated time frames. Your access to certain courses is dependent upon your college of enrollment.

Student Health Insurance

The University's Board of Trustees requires that all students be covered by a health insurance plan, either the University's Student Health Insurance Plan or a plan determined by the University to be equivalent. Request for exemption from the health insurance fee, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See Student Health Insurance Plan section in the *Timetable* for deadline dates and instructions.

U OF I DIRECT Network ID and Password

To access U OF I DIRECT, you will use your Network ID and password. **All UIUC students are assigned a Network ID and password when they are admitted to the University.**

As with any computerized system, security of the data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your Network ID and password. NEVER tell anyone your password. NEVER let anyone use your Network ID and password. The importance of your password is much like that of a bank card PIN—ALWAYS protect the privacy and security of your password. You are encouraged to change your password periodically to maintain the security of your Network ID.

You may change your Network ID password using a secure online Web page at **https://www-s.uiuc.edu/bluestem/kpasswd.cgi**. You may also change your password using a computer at any CCSO site. Staff at these locations can assist you. A document entitled, "Changing Your Network ID and Password" is also available at these sites. It describes the procedure you use to change your password. If you forget your password, go to the Account Services desk at the CCSO Resource Center at 1420 DCL between 8:30 and 5:00 PM, Monday through Friday to have your password reset so you can resume using your network ID.

If you have questions or concerns about your Network ID and password, contact the CCSO Resource Center (1420 DCL, 244-1258).

☐ Prepare for Enrollment Restrictions that May Be Placed by Departments

Consent Instructor/Authorization Required:

If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission PRIOR TO registering via U OF I DIRECT. Approval to register in AUTHORIZATION ONLY courses is entered into the U OF I DIRECT system online by the department offering the course. You, in turn, must register for the course using U OF I DIRECT.

Independent Study Courses:

Independent study courses require the instructor's permission before registering. If you select an independent study course, obtain permission from the instructor PRIOR TO registering via U OF I DIRECT.

THE ADVISING hold must be cleared online by your college or department before you can register using U OF I DIRECT.

AN ENCUMBRANCE should be resolved as soon as possible, but will not block your access to U OF I DIRECT registration until after your Official Class Schedule has been made available on-line, approximately three weeks prior to the first day of instruction for the term. **If you have an encumbrance on your record as of 5:00 PM on the first day of instruction, your course registration for the term will be cancelled.**

☐ Use a Computer on Campus (or via Modem) to Register

WITH THE foregoing steps completed, use your Schedule Planning Form (located in the back of the *Timetable*) as a guide to register in courses via U OF I DIRECT. There are multiple points of access to U OF I DIRECT conveniently located on campus. Many of these locations are listed in the *Timetable*. Dial-up access via modem is also available.

CONTINUING students can download the U OF I DIRECT software to their own computers and run the application over a modem. See **www.uiuc.edu/ccso/pubs/connect/kermit/** for more information about downloading this program. This software is not available to incoming students.

☐ Register for a Complete Schedule

YOU ARE advised to register for a complete schedule of courses for the term as soon as possible following your Registration Time.

ALTHOUGH additional seats may become available in a few courses, and additional sections may be added to some courses prior to the start of the term, you should not delay completing your schedule based on the assumption that seats will eventually become available in courses which have closed.

COMPLETE a workable course schedule early, even if every course is not your first choice.

☐ Verify Your Addresses

YOU ARE required to provide a local and a home address. If either is blank, U OF I DIRECT will require that you provide the addresses before you will be allowed to add courses.

MAKE CERTAIN that your local, home, and emergency addresses are correct so you don't miss any important information from the University.

☐ Graduate Students: Check Your Appointment

A GRADUATE student with a teaching or research appointment must choose menu option F from the U OF I DIRECT Main Menu. Select the letter that corresponds to the percent time of your appointment to ensure that you receive proper credit for your tuition and service fee waivers.

☐ If you expect to receive your degree at the end of the term . . .

BE SURE to check menu option E to petition for your degree.

Registration of Visitors

A visitor is only a listener in a class and may not participate in any class activities. Visitors are not permitted in laboratory, military, kinesiology (other than theory), or studio classes. Students on "dropped" status are not eligible to attend classes as visitors.

To register as a visitor, written approval is required on an official Visitor's Permit available either at the Records Service Center, 901 W. Illinois Street, or at your college office. After obtaining the form, proceed according to one of the following conditions:

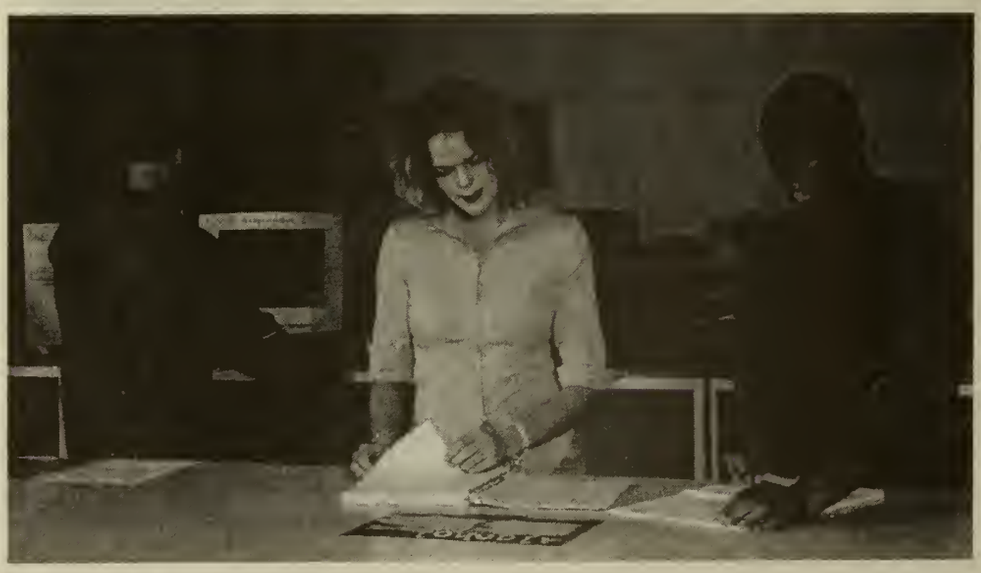
If you are a currently enrolled student: Obtain permission from the instructor of the class and the approval of the dean of your college.

If you are a former student not currently registered: Obtain the approval from the instructor of the class and the dean of the college in which you were last registered.

If you have not been previously registered at the University: Obtain the approval from the instructor of the class and the dean of the college in which the course is offered.

If you are a staff employee of the University: In addition to obtaining other required approvals, you must secure the recommendation of the head of the department or unit in which you work.

After obtaining all required approvals on the Visitor's Permit form, bring the form to the Records Service Center, 901 W. Illinois Street to complete registration.



Tuition and Fees

Registration Charges, Payments, and Refunds

Waivers and Exemptions

If you receive a waiver, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are exempt from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Range IV, (law students Credit Ranges III, IV) you may obtain the benefits of the service provided by making individual arrangements. (See "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is published in the *Code of Policies and Procedures Applying to All Students*, which is available on the Web (www.uiuc.edu/admin_manual/code).

If you believe that you qualify for any of the waivers or exemptions, consult the staff at the Records Service Center, 901 W. Illinois Street.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and your class, curriculum of enrollment, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. Among undergraduates in art, architecture, and music, there is a further differential between students in the lower (0-59.9 semester hours) and upper (60 semester hours or more) divisions. Undergraduate nondegree students are assessed at the upper-division rate. All students enrolled in engineering, chemical and life sciences, and art, architecture, and music curricula are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at Urbana-Champaign campus rates.

Information about tuition rates for students in twelve-week summer session courses, flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained by contacting the Records Service Center, 901 W. Illinois Street, registration@oar.uiuc.edu, or by calling 217-333-0210.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials. Residency rules are available on the Web (**www.uoapa. uillinois.edu/residency.html**).

To request a change in your residency classification, obtain a petition at the Records Service Center, 901 W. Illinois Street. You must submit the petition by June 20. If you fail to submit a petition within the allotted time period, you lose all rights to a change in status and adjustment of your assessed tuition for the term. Contact registration@oar.uiuc.edu or telephone (217) 244-3216 for additional information.

Fees and How They are Determined

The fee schedule is fixed by the University Board of Trustees and is calculated on the basis of the number of semester hours or units of credit for which you are registered. Fees to be assessed are:

General Fee: Supports certain fixed costs of fee-supported buildings (IMPE, Ice Arena, Assembly Hall, Illini Union, etc.) on campus.

Service Fee: Supports salaries, programming, general expenses, and utilities for campus auxiliary service units such as the Illini Union, the Assembly Hall, and Campus Recreation. (Students exempt from this fee because they are registered in Credit Range lV [law Credit Ranges lll and lV] may obtain the services by paying the fee at a cashier's window in 100 Henry Administration Building by 4:00 PM, June 25, 2002.)

Health Service Fee: Supports salaries, programming, general expenses, and utilities for McKinley Health Center and the Counseling Center. (Students exempt from this fee because they are registered in Credit Range lV (law Credit Ranges lll and lV) may obtain the services by paying the fee at the McKinley Health Center Business Office by 4:00 PM, June 25, 2002.)

Spring semester coverage of the Health Service Fee extends to the first day of instruction for Summer Term 2. Summer Term 2 coverage extends to the first day of instruction of the fall semester.

Health Insurance Fee: Covers the cost of premiums to the insurance carrier and the cost of administering the program.

Transportation Fee: Supports a campus and community busing plan for students. (Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain the services by paying the fee at the Division of Campus Parking by 4:00 PM, June 25, 2002.)

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

Krannert Fee: Supports productions at the Krannert Center for the Performing Arts. (Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain services by paying the fee at a cashier's window in 100 Henry Administration Building by 4:00 PM, June 25, 2002.)

SORF: Refundable for Term 2; supports the Student Legal Service and assists in funding programs and/or services of registered student organizations.

The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

Summer Term 1

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction, May 13, your Registration Statement of Charges and Aid will be mailed to your local address. Payment will be due May 22. If your statement does not arrive by May 18, go to Window 7, Room 100 Henry Administration Building, and request a duplicate statement. IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR REGISTRATION CHARGES BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT AT YOUR LOCAL ADDRESS. You may make payment either by U.S. mail, in registration drop boxes, or in person at a cashier's window in 100 Henry Administration Building.

If you register on May 14 and thereafter, you must make payment by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

If you register on June 19, or thereafter, you must make payment by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Payment Instructions

The University accepts four forms of payment: **Cash, Checks, Debit Cards, and Credit Cards**

All forms of payment, except cash, can be made online. You may pay a bill online by electronic withdrawal from a checking or savings account or by using a debit card or credit card. Students can pay online by logging on to SAFARI at www.safari.uiuc.edu. Authorized individuals may pay online by logging on to https://epay.uillinois.edu/ui/preGuardianLogin.do?campus=uiuc.

All payments, except credit card transactions, can be made in person at a cashier window in room 100B, Henry Administration Building. **CREDIT CARD TRANSACTIONS CAN ONLY BE MADE ONLINE.**

If you remit your payment by U.S. Mail, please allow at least 7 business days.

You may also use special payment drop boxes located at the east and west entrances of the Henry Administration Building. During registration, a special registration drop box is open in the Illini Union, southeast entrance. **DO NOT USE CAMPUS MAILBOXES.**

Where Can I Make Payment? If your payment deadline is Wednesday, May 22, for Summer Term 1, and Tuesday, June 25, for Summer Term 2, you may use either U.S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

Special registration drop boxes for payment of registration charges will be available until Wednesday, May 22, for Term 1 and Tuesday, June 25, for Term 2, at the following locations:

Henry Administration Building (east and west entrances)

Illini Union (southwest entrance)

Can I Pay by Installment? An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. **This privilege is not extended to registration in extramural, correspondence, and summer Term 1 courses, or to students to whom the privilege has been denied.**

Charges for Term 2 are collected in two installments; the first payable by the due date shown on the original statement, and the remaining installment payable in July.

A one-time finance charge of 1 percent of the total amount deferred, or $2 (amount subject to change), whichever is greater, is made against accounts being paid under the installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

What If I Don't Make Payment by the Due Date? The due date for payment either in full or by installment is printed on your statement. If you do not make full or first-installment payment by the scheduled due date shown on the statement, you will be assessed a $25 (amount subject to change) registration late payment charge that will be billed to your student account.

A delinquent service charge of 1½ percent or $2 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

Special Warnings about Payments. A penalty of $25 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

Additional penalties, INCLUDING DISMISSAL FROM THE UNIVERSITY, may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Student Health Insurance Plan

The University provides and administers a health insurance plan which is mandatory for those students who have not provided proof of other equivalent health insurance coverage by the semester deadline. The fee for the plan is assessed along with other tuition and fees; tuition and fee waivers do not apply to the student insurance fee. Coverage is worldwide and extends, including breaks, from the first day of the semester (Summer 2 is a semester) to the first day of the following semester. The insurance plan is independent of McKinley Health Service and benefits are not contingent upon McKinley Health Service referrals. Benefits are detailed in the Student Health Insurance Plan booklet which is a available at the Student Insurance Office at 807 South Wright, Suite 480, Champaign, IL 61820; (217) 333-0165, or on the Web at: **webster.uihr.uiuc.edu/students**. See below for information and instructions regarding fee exemption, dependent coverage, etc.

Summer Term 2 Health Insurance - Enrollment Change Period:

June 10 to noon, June 24, 2002, at the Student Insurance Office, 807 South Wright Street, Suite 480.

All Student Insurance transactions **must be** accomplished by the **Insurance Deadline** either in person or by U. S. Mail to the Student Insurance Office located at 807 S. Wright, Suite 480, postmarked on or before the Insurance Deadline. Visit our Web site at: **webster.uihr.uiuc.edu/students** to download required forms, or call (217) 333-0165. Requests made by any other means will be invalid and will result in missing the deadline.

Purchase Health Insurance for Spouse and/or Children

Dependent Coverage: If you are enrolled in the Student Insurance Plan, you can apply for Dependent coverage for your spouse and child/children. Rates depend on class status. Dependent coverage must be purchased each semester during the Enrollment/Change Period. Forms can be obtained in person at 807 S. wright, Suite 480, or by downloading them from our Web site at: webster.uihr.uiuc.edu/students. Premium is required at time of application. We accept payment by Visa, MasterCard, Discover and/or check and cash. ID is also required.

Dependent coverage becomes effective on the date of application and receipt of premium or the beginning date of the semester for which coverage is being purchased, whichever is later.

Dependents insured the prior semester will have no lapse in coverage provided the application and premium are received by the last date above.

Dependents acquired (marriage, birth, entry into U.S.) after the above enrollment period may be added to coverage provided application is made and premium paid within 31 days of the eligibility date (date of marriage, birth, or entry into U.S.). Coverage becomes effective on the date of eligibility. Payment of a full semester's premium for the semester in which the eligibility date occurred is required.

Coverage "Extensions" beyond Last Semester Enrolled and Insured

Insurance coverage ends on the beginning date of the next semester; however, it can be extended for the next school period if an Extension is purchased by the semester deadline. For example, if you were a student and insured for Spring and will not be registered in the Summer Term 2, coverage will not continue through Summer Term 2 unless you elect to purchase a Summer 2 Extension.

Extensions for Summer Term 2 may be purchased beginning April 15, 2002, at the Student Insurance Office (807 South Wright Street) through noon, June 24, 2002.

The premium is payable at time of application.

Exemption from Health Insurance Fee

Petitions for exemption must be completed in person or postmarked through the U. S. Mail to the Student Insurance Office, 807 S. Wright, Suite 480, during the Enrollment Change Period identified above. See our Web site at: **webster.uihr.uiuc.edu/students** to download necessary forms, or call (217) 333-0165. You can also e-mail us at insure@uiuc.edu

Application and Proof of other insurance must be provided; acceptable proof can be your insurance identification card, a copy of the policy, plan booklet, or notice on company letterhead from the employer or company certifying your coverage. Other insurance must be in effect by the first day of instruction for the semester exemption is requested.

An exemption will automatically continue until reinstatement to the plan is requested (see Reinstatement below) or if you do not respond to a periodic request to confirm that you continue to be covered by another health insurance plan, or three consecutive semesters of non-registered status. Summer Term 2 is a semester.

Reinstatement

Students exempt from the plan who want to be reinstated to The Plan, can apply in one of two ways.

(1) Change of Status Reinstatement. Students may apply by providing proof of loss of other insurance; i.e., notice of termination of insurance from the insurance company or employer, within 45 days of such loss of other insurance. Enrollment is guaranteed with coverage effective on the date of application or date of termination of other insurance whichever is later. Application must be made in person at the Student Insurance Office. The fee will be billed to you on your student account.

(2) Open Enrollment Reinstatement. Students requesting reinstatement more than 45 days after the loss of other insurance, or if no loss of other insurance has occurred, must apply during the Enrollment/Change Period. This is the only time during the Summer Two Session a student can reinstate by Open Enrollment. A 12 month pre-existing condition clause will be in effect. Coverage is effective on the date of application. The fee will be billed to you on your student account.

A full semester premium is required regardless of effective date.

Dental and/or Vision Insurance Plan for Graduate Students and Assistants

The dental insurance plan for graduate students, graduate assistants, and their dependents is not open for new enrollment during the Summer 2 term. See the Fall 2002 *Timetable* for fall term enrollment information.

Courses Listings

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be posted to the online *Timetable* (see page 2).

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed primarily for freshmen and sophomores) are numbered 100 to 199; for undergraduates who satisfy the published requirements, 200 to 299; for primarily junior, senior, professional, and graduate students, 300 to 399; for graduate and professional students, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-10 MTWTh+ indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11-1230 TT+ means that class periods begin at 11:00 AM and continue for ninety minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, 730-930PM+ indicates that the class period begins at 7:30 PM and continues until approximately 9:30 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable*.

Credit

Credit for undergraduate courses is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate courses is counted in units. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or the online *Timetable*. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 0 to 2 units; in registering for a course with variable credit each student indicates the number of hours or units for which he or she intends to take the course on the U of I Direct screen at the time of registration.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

ASTRONOMY 396AFT: Astronomy for Teachers
Summer Session II, 2002
INSTRUCTOR: Brian Fields

This course is designed for K-12 math and science teachers, who will discover how astronomy can illustrate, motivate, and augment what they are already teaching. The course will engage students in two roles. With "teachers as learners," we will survey astronomy to become familiar with the wide variety of ways that math and science inform our understanding of the cosmos. Topics will include the night sky, the solar system and the planets, the sun and stars, black holes, galaxies, and the big bang. In a complementary mode, with "teachers as teachers," we will discuss concrete strategies for using astronomy in the classroom. Students will plan and present an astronomy-based instructional unit. The course is intended for both practicing and pre-service teachers. No prior knowledge of Astronomy is assumed or needed, but some problem solving with basic algebra will be required. (3 hours)

Final Examination Policy, Term 1

Instructors have the option of scheduling final examinations for Term 1 courses on the final day of class or on the day following the last day of instruction for that course. If final examinations are held on the day following the last day of instruction, departments must confirm space availability for the desired examination by calling the Office of Facility Management and Scheduling, 333-1230.

Final Examination Schedule for 2002 Term 2 Eight-Week Courses

Friday, August 2, through Saturday, August 3, 2002

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of final examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such an appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chair of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

Examinations will be offered from 8:00-10:00 AM; 10:30 AM-12:30 PM; 1:00-3:00 PM; 3:30-5:30 PM; and 7:00-9:00 PM (see chart on next page). It is hoped this will provide a respite for students scheduled to take examinations during consecutive periods.

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.

A request for change in the examination schedule will not be considered for approval unless the instructor

HAS POLLED the class to determine that an alternative date is desired by a majority of the class members, and

ALSO OFFERS the examination at the regularly scheduled time if some choose not to take it at the alternate time, and,

HAS CONTACTED the Office of Facility Management and Scheduling (244-0228) and has assurance that space is available in which to give the examination at an alternate time, if approved.

No final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

UNDERGRADUATE STUDENTS: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination for an individual undergraduate student.

GRADUATE STUDENTS: A student's instructor is authorized to approve a request for postponement of the final examination for an individual graduate student.

Place of Examination

The room to be used for a final examination will normally be the same room in which the class usually meets if

THE COURSE meets on a regular sequence; and

THE EXAMINATION is given at the time specified in the official examination schedule.

The instructor is to announce the room for the final examination to students.

In late June, the Office of Facility Management and Scheduling will send a form to all departments offering final examinations. Confirmation letters will be sent to departments requesting classrooms.

Departments with eight-week courses meeting only one day a week for one or more hours must contact the Office of Facility Management and Scheduling (244-0228) to determine the

An examination for a first half-term course should be scheduled at the end of the first half-term period; second half-term final examinations follow the schedule shown on page 31. If a first half-term examination is not scheduled in the regular classroom at the time the class usually meets, a special examination room must be reserved through the Office of Facility Management and Scheduling, 333-1230.

availability of a room. In addition, departments with courses meeting at noon or 12:30 PM must confirm space availability for the desired examination times by calling 244-0228.

Length of Examination

The lengths of Term 2 final examinations-except by special arrangement in individual cases approved by the dean of the appropriate college-are:

COURSES MEETING one, two, or three days a week one or two hours

COURSES MEETING four, five, or six days a week two hours

A final examination for a course meeting for more than one hour in each session on two or three days a week is normally two hours in length.

Take-Home Final Examination

If a take-home final examination is assigned, it is to be submitted at the time and date of the regularly scheduled final examination. If instructors wish to depart from this practice, they must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Evening Examinations

An evening final examination is authorized only for a class meeting regularly during Term 2 at 7:00 or 7:30 AM or after 4:30 PM; the evening hours for such examinations are specified in the official examination schedule. If feasible, the instructor of a course meeting at noon or 12:30 PM may use the evening period, but must reserve space through the Office of Facility Management and Scheduling, 244-0228.

Conflicts

CERTAIN PROFESSIONAL examinations (e.g., national actuarial, state CPA, and the Architect Registration Examination) take priority over campus final examinations. An instructor must offer a makeup examination to a student who is scheduled to take one of these examinations and a campus final examination at the same time.

A NONCOMBINED course examination has precedence over a combined-sections and a conflict examination.

A COMBINED-SECTIONS course examination has precedence over a conflict examination.

A CONFLICT not resolved by the above order of preference must be resolved by the instructor of the course having the larger enrollment, provided he or she is informed of the conflict by the student no later than the last official day of instruction in Term 2 (August 1).

DEPARTMENTS offering combined-sections examinations must provide conflict examinations if needed to accommodate student conflicts.

The 6-year graduation rate for students who entered school in the Fall of 1994 is 76.4%. This number is provided by the Office for Academic Policy Analysis. A complete student right-to-know report may be obtained from the Office of Public Affairs, 601 E. John, Champaign, IL 61820.

Students Having More Than Two Consecutive Final Examinations

No student is required to take more than two consecutive final examinations. This means that if you take final examinations at 8:00 AM and 10:30 AM on the same day, you are not required to take another examination scheduled for 1:00 PM that day; likewise, if you take examinations at 3:30 and 7:00 PM on Friday, you are not required to take another examination at 8:00 AM on Saturday. If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling if you take the following actions no later than the last official day of instruction in the term.

YOU MUST investigate whether a conflict examination is being held at another time for any of the examinations involved.

IF A CONFLICT examination has been scheduled for any of the courses, you must take one or more of these conflict examinations.

IF NO CONFLICT examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor MUST provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction in Term 2 (August 1).

Discipline for Violations of Academic Integrity

Rule 33 of the August 2000 Code of Policies and Regulations Applying to all Students covers procedures to be followed in cases of alleged cheating on final examinations. The code is available on the Web (**www.uiuc.edu/admin_manual/code**).

To determine when an examination is to be given, locate the time the class meets in Column 1 and then go to Column 2 to determine the examination period for that class. See previous page for information on the length of examinations.

If a class begins at the hour indicated below and . . .	If the class meets (a) four, five, or six days a weeks; or (b) MWF or any two of those days; or (c) TThS or any two of those days, the final examination begins at . . .

4:00 or 4:30 PM	3:30 PM, Saturday, August 3
5:00 PM or later	7:00 PM, Friday, August 2

If a course includes at least two lectures per week at the same hour, the final examination must be scheduled according to the sequence in which the lectures meet without regard to the discussion or laboratory meeting times.

If a course has one lecture with two or more discussion and/or laboratory periods at the same hour, the examination must be scheduled according to the sequence in which the discussion and/or laboratory periods meet without regard to the meeting time of the lecture.

If a course has a combination of one meeting each of lecture, discussion, and laboratory, or any two of these at different hours, the examination must be scheduled by the instructor on Friday or Saturday at a time that will avoid conflicts and when a suitable examination room is available. Departments must call the Office of Facility Management and Scheduling at 244-0228 to determine the availability of a room.

Instructors of eight-week courses meeting only one day a week for one or more hours should schedule the final examination on Friday or Saturday at a time that will avoid conflicts and when a suitable examination room is available. CAMPUS RECREATION

SUMMER 2002 OUTDOOR ADVENTURES PROGRAM

To maximize the efficiency of the clinics/camp, please be on time when bringing and picking up your child. The parent or guardian at registration must complete a liability release form and emergency information sheet.

Kids Canoe (Ages 10-16)
June 5, 2002
1-3 PM

Meet near the bridge by the Boat House in Crystal Lake Park in Urbana. The canoe clinic will focus on small boat safety and learning basic paddling strokes needed to move a canoe about the water. Initially, the class will look at personal floatation devices (PFDs), canoes and paddles, and other gear you may need for paddling. Here safety will be stressed as we discuss what can and will happen to a canoe on the water. As the clinic continues, we will look at canoe carries, launching the boat, loading your gear, and then safe entering of the canoe. Next up will be seeing and learning the basic flatwater canoe paddling strokes: the power stroke, the sweep stroke and the draw stroke. Finally, after learning each stroke, practice will follow so the instructors can watch and help each student improve their paddling technique. Kids should bring a towel, a bottle of water, extra dry clothes (optional), sun protection, and wear clothes and shoes/sandals that may get wet. Cost: $15 members, $20 non-members, fee includes canoes, instruction, gear rental and leadership. Enrollment limit—12.

Kids In-line Skate (Ages 10-16)
July 3, 2002
1-3 PM

Meet at the Outdoor Center. This clinic is the place to take your first spin on wheels and experience the fun of in-line skating. Instruction will start with the basics of skating focusing on balance, form, falling, getting up, stopping, and control. Here we will discuss in-line skating safety, where to skate, and rules of the road. Next, we will look at the basic skating technique (stroking), followed by turns, gliding (one-foot and two- foot) and eventually crossovers. Throughout we will practice good form by doing a number of different training routines. Depending on how the students progress, the clinic will also look at spins and skating backwards. Practice will follow each new skating technique with instructors watching to help improve each student's form. Clinic participants will need to provide their own skates, helmet, wrist guards and knee pads (the outdoor center has adults sizes which may be used if they are the correct size for your child). Cost: $15 members, $20 non-members, includes in-line skate instruction and leadership. Enrollment limit—12.

KINESIOLOGY

June 10 - August 1

The Sports Fitness Program began in 1951 as a service to the community of Champaign-Urbana. The original intent of the program was to provide an opportunity for children to stay fit during the summer by engaging in a variety of different sport, fitness, and game activities. Today, the Sports Fitness Program's goals are much the same. The program's primary emphasis is on developing: 1) enjoyment in physical activity; 2) physical and motor fitness; 3) fundamental motor skill patterns; 4) skills in a variety of activities including: aquatics, team sports, and individual sports; 5) cognitive understanding of the skills and activities; 6) social and communication skills; and 7) creativity. The Sports Fitness Program is an 8-week program offered during the UIUC summer session II. Boys and girls, ages 7-12, participate in the program Monday through Thursday afternoons. There is an approximate ratio of one instructor to seven participants to allow for individualized instruction and learning. Participants rotate through lessons in aquatics, individual and dual sport activities, and team sports each day. Activities are introduced in a non-competitive environment with emphasis placed on cooperation and enjoyment of physical activity.

Enrollment is limited to approximately 100 participants. Cost: $300. (No credit)

MATHEMATICS

July 13-August 3

The University of Illinois at Urbana-Champaign (UIUC), with funding from the Howard Hughes Medical Institute, and in conjunction with the UIUC Math Department, offers incoming UIUC freshman who are biological sciences majors an opportunity to participate in *Calc&ChemPrime 2002*. This program is designed for students who, as a result of their score on the math placement test, are advised to delay enrollment in the required introductory calculus course (Math 120) so that they can complete a pre-calculus math course first (Math 116). Although we believe that this is sound advice, following this strategy will delay enrollment in the introductory sequence of biology courses until sophomore year. We offer an alternative. Upon successful completion of *Calc&ChemPrime 2002*, students are guaranteed enrollment in a BioCalc section of the required Math 120 calculus course in the fall. Although no college credit is given, *Calc&ChemPrime 2002* is a serious class with required attendance and homework. Students also receive preparation for the introductory chemistry course in the *ChemPrime* portion of the program. CalcPrime classes are 8:30-11:00 a.m., 1:00-3:00 p.m. daily, with ChemPrime classes on Tuesdays and Thursdays, 3:00-5:00 p.m. There is NO COST to the student to participate in Calc&ChemPrime 2002. Students are responsible only for providing their own health insurance coverage and breakfast and lunch meals. To qualify for Calc&ChemPrime 2002, the student must be enrolled in a biological sciences curriculum and not have achieved placement in a Math 120 (or higher) course for the Fall 2002 semester. Applications are accepted on a first-come, first-served basis, limited to 25 participants; application deadline: Monday, June 17, 2002.

EDUCATING RITA, a comedy by Willy Russell. Frank is a middle-aged English professor whose disillusioned outlook on life drives him to drink and to bury himself in his books. Enter Rita! She is a forthright 26-year-old hairdresser who is hungry for education. In the course of the play, Rita gives Frank a new lease on life by making him believe in himself once again. The 1983 film version of this play received three Academy Award nominations: Best Actor (Michael Caine), Best Actress (Julie Waters) and best screenplay (adapted from the original by the author, Willy Russell).

"A marvelous play - painfully funny hilarious social documentary." - London Sunday Times

MURDER AMONG FRIENDS, a mystery/comedy by Bob Barry. Take an aging, exceedingly vain actor, his very rich younger wife, and a double-dealing agent - plunk them down in an elegant New York apartment, add dialogue crackling with wit and you have the basic elements for an evening of pure sophisticated entertainment. Angela, the wife of actor Palmer Forrester, and Ted, his agent, are lovers and plan to murder Palmer during a contrived robbery on New Year's Eve. But Palmer and Ted have an identical plan to do in Angela. A murder occurs but not either of the ones planned.

MERTON OF THE MOVIES, a dramatization of Harry Leon Wilson's story of the same name by George S. Kaufman and Marc Connelly. Merton Gill, a general-store stock boy in 1922 Taylorville, Illinois, dreams of becoming a Hollywood movie star. However, he is only interested in performing in serious dramatic art films. Once in Hollywood, his big break comes but he turns out to be such a bad actor that audiences find him very funny. Will he sacrifice his desire to be a serious actor for fame and fortune as a star comedian? Will he find love on the lot along the way? One of the most popular plays of its period, this comedy/romance about American youth takes a satirical look at motion pictures in the 1920s.

GIS Standards Workshop

July 29-August 2

The most important reason for learning and using GIS Standards is to ensure that geospatial data are efficiently collected, used, and shared. This workshop will cover existing GIS standards in the U.S., emerging ISO GIS standards, and ongoing work of the Open GIS Consortium (OGC). This workshop is an opportunity for U.S. government officials, national government officials, GIS managers, GIS specialists in international organizations, and GIS educators to learn about GIS standards and the importance of applying these standards. Registration includes lunches, refreshment breaks, and all workshop materials. Cost: $500-$750. Credit: This workshop is accredited for CE credits.
